## MANAGEMENT REVIEW

Impacted by the fifth wave of COVID-19 (the “fifth wave”), Hong Kong and its residents have faced tremendous challenges in the first half of the year leaving the city in search of more innovative ways to bolster its operations. As a member of the community, we strived to support its people and businesses, devising novel applications for technology and to present a suite of the latest products and services in a bid to inject momentum into everyday life.

Our Media Business continued to scale with an increase of 22% and 52% in revenue for the over-the-top (“OTT”) Business and Free TV & Related Business to HK\$786 million and HK\$388 million respectively. Viu, the main component of the OTT Business, consolidated its position as one of the leading video streaming services in Southeast Asia. With its dual revenue model of advertising and subscription, Viu continued to focus on driving expansion in both its monthly active users (“MAUs”) and paid subscribers which reached 60.7 million and 9.1 million respectively as of 30 June 2022. Underpinning this growth was Viu’s offering of high-quality content appealing to users in its respective markets and also providing opportunities for syndication to international partners. On the back of the enlarged revenue base, the OTT Business turned EBITDA positive, generating HK\$18 million for the six months ended 30 June 2022.

The Free TV & Related Business continued to attract viewers with quality local content that led to a 24% improvement in prime-time ratings and growth in the number of advertisers and total advertising revenue despite the weak local economic environment. ViuTV also witnessed a 19% growth in app downloads bolstering our reach to viewers, particularly in the younger, digitally savvy segment. EBITDA was HK\$79 million for the six months ended 30 June 2022.

The Solutions Business delivered 2% growth in revenue to HK\$2,548 million for the six months ended 30 June 2022 while EBITDA increased 35% to HK\$372 million at a margin of 15% due to the enhanced productivity levels. Secured orders as of 30 June 2022 were steady at HK\$24,006 million. The Solutions Business has completed the formation of a strategic partnership with Lenovo Group Limited (“Lenovo”) to create a leading technology solutions powerhouse. The Solutions Business will continue to deliver its services to existing customers in Hong Kong while the partnership will benefit from Lenovo’s global presence to grow in reach and competitiveness in markets across the Asia Pacific region.

HKT Limited’s (“HKT”) total revenue increased by 3% to HK\$16,157 million while total revenue excluding Mobile product sales grew by 5% to HK\$14,868 million. Revenue growth was driven by continued strong demand for our reliable, high-speed broadband services alongside the growing adoption of our 5G services by both consumer and enterprise customers. HKT’s total EBITDA increased by 2% to HK\$5,834 million due to the steady performance of its Telecommunications Services (“TSS”) and Mobile businesses and sustained operating efficiencies.

Overall, the Group’s revenue increased by 1% to HK\$18,256 million and increased by 3% to HK\$16,967 million excluding Mobile product sales. EBITDA increased by 5% to HK\$5,787 million for the six months ended 30 June 2022. Consolidated loss attributable to equity holders of the Company for the period was HK\$88 million.

The board of Directors (the “Board”) declared an interim dividend of 9.56 HK cents per ordinary share for the six months ended 30 June 2022.

## OUTLOOK

Viu Original Studio, with international collaborations in the pipeline, is poised for more wide-ranging developments, including localising popular classics for different markets to expand Viu's content asset range and widen audience appeal.

The Solutions Business through its partnership with Lenovo will accelerate the expansion of its business across the Asia Pacific region drawing upon their respective strengths. At the same time it will remain dedicated and fully committed to delivering digital and managed services for its existing customers in Hong Kong, particularly those in the public sector.

Alongside HKT, PCCW became The Sandbox's first Hong Kong-based integrated communications, media and technology partner in its foray into the metaverse. Leveraging the Group's comprehensive digital ecosystem, we are well placed to facilitate our customers' enjoyment of the Web3 immersive internet experience.

With the number of COVID cases hovering in the thousands, the second half of the year is shaping up to be a balance between prudent defence and growth exploration. The Hong Kong economy entered a pronounced slowdown in the first half of 2022 caused by the onset of the fifth wave. HKT remained focused on its strategic priorities in serving both the consumer and business segments and managed to achieve steady growth during the period although at a level lower than we had expected.

With the subdued consumer sentiment in the first half of 2022, the Mobile business recorded a 2% growth in services revenue to HK\$3,647 million for the six months ended 30 June 2022. Local core revenue grew by 2%, benefiting from continued 5G adoption, growth in our post-paid customer base as well as higher revenue contribution from Mobile enterprise solutions. Comparatively lower Mobile product sales were recorded during the period as a result of elevated sales in the first half of 2021 following the delayed launch of popular handset models and the adverse impact of supply chain disruptions. EBITDA from the Mobile segment increased by 2% to HK\$2,122 million during the period, in line with growth in Mobile services revenue.

As individuals, households and enterprises returned to hybrid arrangements during the onset of the fifth wave, the TSS business continued to benefit on the back of its reliable and extensive fixed network with revenue growing by 5% to HK\$11,596 million. The consumer broadband business witnessed further uptake of its high-speed fibre-to-the-home (“FTTH”) services and Home Wi-Fi solutions helping to lift average revenue per user. The enterprise segment continued to demonstrate robust growth as both private enterprises and the public sector accelerated their digital transformation and smart city initiatives. As a result, the local data services business registered a solid revenue growth of 6% during the period. The International Telecommunications Services business achieved 9% growth in revenue, driven by increased global voice revenue, resilient data revenue supported by recent cable projects as well as the growing adoption of our Console Connect platform. Total TSS EBITDA increased by 2% to HK\$4,104 million.

## **HKT (CONTINUED)**

As a result, HKT's total revenue for the six months ended 30 June 2022 increased by 3% to HK\$16,157 million, while total revenue excluding Mobile product sales increased by 5% to HK\$14,868 million. Total EBITDA for the period increased by 2% year-on-year to HK\$5,834 million.

Profit attributable to holders of share stapled units of the HKT Trust and HKT ("Share Stapled Units") was HK\$1,910 million for the period, an increase of 1% over the previous year. Profit growth was impacted by higher depreciation and amortisation expenses primarily arising from mobile spectrum re-assignment. Basic earnings per Share Stapled Unit was 25.22 HK cents.

Adjusted funds flow for the six months ended 30 June 2022 rose to HK\$2,377 million, an increase of 2% over the previous year. Adjusted funds flow per Share Stapled Unit<sup>4</sup> was 31.36 HK cents.

HKT declared an interim distribution of 31.36 HK cents per Share Stapled Unit.

For a more detailed review of the performance of HKT, including detailed reconciliation between HKT's EBITDA and adjusted funds flow as well as HKT's EBITDA and HKT's profit before income tax, please refer to its 2022 interim results announcement released on 11 August 2022.

## OTT Business

For the six months ended HK\$ million	30 Jun 2021	31 Dec 2021	30 Jun 2022	Better/ (Worse) y-o-y
<b>OTT Business revenue</b>	646	834	<b>786</b>	22%
<b>OTT Business EBITDA<sup>1</sup></b>	(20)	(3)	<b>18</b>	n/a

The OTT Business continued to scale with a 22% increase in revenue to HK\$786 million in the first half of 2022 spurred primarily by growth in our video streaming service, Viu.

With its dual revenue model of advertising and subscriptions, Viu is focused on driving growth in MAUs as well as paid subscribers. For the six months ended 30 June 2022, MAUs grew by 23% year-on-year to reach 60.7 million while Viu's paid subscribers increased 31% year-on-year to 9.1 million. Supported by strong content offerings and expanded partner ecosystem, growth in MAUs and paid subscribers was most notable in the Indonesian, Thailand and Philippines markets.

In terms of content, Viu's strategy is to offer locally relevant content to complement its core strength in Korean dramas. During the first six months of the year, Viu achieved success with a number of Viu Original titles including *Pretty Little Liars (Season 2)* in Indonesia, which was also dubbed in Thai and Tagalog, *She was Pretty* in Malaysia and *Remember 15* in Thailand. *Pretty Little Liars (Season 2)* charted to be one of the "Top 10" titles in terms of aggregate viewership across Indonesia, Malaysia, Thailand, and the Philippines. Riding on the earlier success of Korean Viu Original productions, Viu launched five additional titles in the first half of 2022 aiming at broadening the appeal of Korean content to users.

Our high-quality Viu Original productions also provided international syndication opportunities. A number of Viu Original titles were distributed to regional and global media partners in the first half of the year, including *Assalamualaikum Calon Imam (My Future Husband)*, a Viu Original title produced in Indonesia and distributed to Singapore in partnership with Mediacorp.

On the back of the enlarged revenue base, the OTT Business turned EBITDA positive for the first time since the launch of Viu, generating HK\$18 million in the first half of 2022.

Going forward, the OTT Business will continue its strategy in offering locally relevant content, adding ecosystem partners and expanding its international syndication efforts to drive MAUs, paid subscription and revenue.

Overall operating costs-to-revenue ratio for the period improved to 14.4% versus 15.0% a year earlier.

Depreciation and amortisation expenses for the period increased by 5% to HK\$3,844 million, largely due to a rise in amortisation expenses of 11% to HK\$2,408 million. The higher amortisation expenses were attributable to an increase at HKT from the amortisation of the 1800MHz mobile spectrum licences arising from the re-assignment in 2021 and an increase in amortisation related to content for the Media Business. Content-related amortisation increased to HK\$738 million for the period as compared to HK\$629 million a year ago.

Of these bank loan facilities, HKT accounted for HK\$31,406 million, of which HK\$13,688 million remained undrawn.

The Group's gross debt<sup>2</sup> to total assets was 54% as at 30 June 2022 (31 December 2021: 50%).

## **CREDIT RATINGS OF CAS HOLDING NO. 1 LIMITED AND HONG KONG TELECOMMUNICATIONS (HKT) LIMITED**

As at 30 June 2022, CAS Holding No. 1 Limited, a direct wholly-owned subsidiary of the Company, had investment grade ratings with Moody's Investors Services ("Moody's") (Baa3) and S&P Global Ratings ("S&P") (BBB-). Hong Kong Telecommunications (HKT) Limited, an indirect non-wholly owned subsidiary of the Company, had investment grade ratings with Moody's (Baa2) and S&P (BBB).

## **CAPITAL EXPENDITURE<sup>3</sup>**

Group capital expenditure for the six months ended 30 June 2022 was HK\$1,207 million (30 June 2021 (restated): HK\$1,233 million), of which HKT accounted for about 98% (30 June 2021 (restated): 98%). As a result, the capital expenditure to revenue ratio was approximately 6.6% for the period.

Capital expenditure for HKT's Mobile business declined during the period, reflecting the completion of our territory-wide 5G coverage rollout. TSS capital expenditure was steady during the period, of which the majority was incurred to support continued demand for our FTTH services and customised solutions for enterprises. Capital expenditure for the Media and Solutions Businesses remained steady.

The Group will continue to invest in building digital capabilities to support its existing businesses and enable its growth in new areas, and prudently invest in expanding its 5G network while taking into account the prevailing market conditions using assessment criteria including internal rate of return, net present value and payback period.

## **HEDGING**

Market risk arises from foreign currency and interest rate exposure related to investments and financing. As a matter of policy, the Group continues to manage the market risk directly relating to its operations and financing and does not undertake any speculative derivative trading activities. The Group determines appropriate risk management activities with the aim of prudently managing the market risk associated with transactions undertaken in the normal course of the Group's business. All treasury risk management activities are carried out in accordance with the Group's policies and guidelines, which are reviewed on a regular basis.

Around three quarters of the Group's consolidated revenue and costs are denominated in Hong Kong dollars. For those operations with revenues denominated in foreign currencies, the related costs and expenses are usually denominated in the same foreign currencies and hence provide a natural hedge against each other. Therefore, the Group is not exposed to significant foreign currency fluctuation risk from operations.

## HEDGING (CONTINUED)

A significant portion of the Group's financing is denominated in foreign currencies including United States dollars. Accordingly, the Group has entered into forward and swap contracts in order to manage its exposure to adverse fluctuations in foreign currency exchange rates and interest rates. These instruments are executed with creditworthy financial institutions. As at 30 June 2022, the majority of the forward and swap contracts were designated as cash flow hedges for the related financing of the Group.

As a result, the impacts of these operational and financial risks to the Group are considered not material.

## CHARGE ON ASSETS

As at 30 June 2022, no assets of the Group (31 December 2021: nil) were pledged to secure banking facilities for the Group.

## CONTINGENT LIABILITIES

HK\$ million	As at 31 Dec 2021 (Audited)	As at 30 Jun 2022 (Unaudited)
Performance guarantees	1,570	1,610
Others	160	40
	<u>1,730</u>	<u>1,650</u>

The Group is subject to certain corporate guarantee obligations to guarantee the performance of its subsidiaries in the normal course of their businesses. The amount of liabilities arising from such obligations, if any, cannot be ascertained but the Directors are of the opinion that any resulting liability will not materially affect the financial position of the Group.

## HUMAN RESOURCES

The Group had over 21,200 employees as at 30 June 2022 (30 June 2021 (restated): 21,500) located in 24 countries and cities. About 60% of these employees work in Hong Kong and the others are based mainly in mainland China, Singapore and the Philippines. The Group has established performance based bonus and incentive schemes designed to motivate and reward employees at all levels to achieve the Group's business performance targets. Payment of performance bonuses is generally based on achievement of revenue, EBITDA and free cash flow targets for the Group as a whole and for each of the individual business units and performance ratings of employees.

## INTERIM DIVIDEND

## **CORPORATE GOVERNANCE CODE**

The Company is committed to maintaining a high standard of corporate governance, the principles of which serve to uphold a high standard of ethics, transparency, responsibility and integrity in all aspects of its business, and to ensure that its affairs are conducted in accordance with applicable laws and regulations.

The Company has applied the principles, and complied with all applicable code provisions of the Corporate Governance Code (the "CG Code") in each case as set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") during the six months ended 30 June 2022.

As disclosed in the announcement of the Company dated 24 June 2022 in relation to the resignation of Mr. David Lawrence Herzog as an Independent Non-Executive Director of the Company and thereby as a member of various committees of the Board, the Company will make a further announcement upon an appointment to the Nomination Committee in compliance with Rule 3.27A of the Listing Rules.

Having regard to the mandatory global travel restrictions in connection with the COVID-19 pandemic, certain Directors participated in the annual general meeting of the Company on 13 May 2022 by video/audio conferencing, and such Directors, including the chairpersons of the Board committees, were available to answer questions at the meeting pursuant to code provision F.2.2 of the CG Code.

## **EXTENSION OF DURATION OF PCCW SHARE AWARD SCHEMES**

The Company adopted two share incentive award schemes pursuant to which awards of Shares and/or share stapled units of HKT Trust and HKT Limited (“Share Stapled Units”) may be made, namely the Purchase Scheme and the Subscription Scheme (collectively the “PCCW Share Award Schemes”). Participants of the PCCW Share Award Schemes include any director or employee of the Company and its participating companies. The purposes and objectives of the PCCW Share Award Schemes are to recognise the contributions by eligible participants and to give incentives thereto in order to retain them for the continual operation and development of the Group and to attract suitable personnel for further development of the Group.

The existing term of each of the PCCW Share Award Schemes is due to expire on 14 November 2022. In order to enable the Company to continue granting awards of Shares and/or Share Stapled Units under the PCCW Share Award Schemes, on 12 August 2022, the Board approved the extension of the duration of each of the PCCW Share Award Schemes for a period of 10 years from 15 November 2022. As a result of such extension, each of the PCCW Share Award Schemes shall be valid and effective for a further term of 10 years commencing from 15 November 2022, expiring on 14 November 2032.

Save as disclosed above, all other terms and conditions of the PCCW Share Award Schemes will remain unchanged and shall continue in full force and effect after such extension. A summary of the principal terms of each of the PCCW Share Award Schemes is set forth in the Company’s annual reports.

The PCCW Share Award Schemes (as amended and restated) are not share option schemes under Chapter 17 of the Listing Rules currently in force as at the date of this announcement and are discretionary schemes of the Company. No approval from the shareholders of the Company is required for the alteration of the term of the PCCW Share Award Schemes as described above. The Company will be prepared to amend the PCCW Share Award Schemes to the extent necessary in order to ensure compliance with any future amendments to Chapter 17 of the Listing Rules.

The above Company statement of financial position as at 30 June 2022 and 31 December 2021 is presented only as additional information to this unaudited condensed consolidated interim financial information.

## NOTES

### 1. BASIS OF PREPARATION

The unaudited condensed consolidated interim financial information of PCCW Limited (the “Company”) and its subsidiaries (collectively the “Group”) has been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and Hong Kong Accounting Standard (“HKAS”) 34 *Interim Financial Reporting* issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). This unaudited condensed consolidated interim financial information should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2021.

This unaudited condensed consolidated interim financial information is presented in Hong Kong dollars, unless otherwise stated. This unaudited condensed consolidated interim financial information was approved for issue on 12 August 2022.

The unaudited condensed consolidated interim financial information has been reviewed by the Company’s Audit Committee and, in accordance with Hong Kong Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* issued by the HKICPA, by the Company’s independent auditor.

The financial information relating to the year ended 31 December 2021 that is included in this unaudited condensed consolidated interim financial information as comparative information does not constitute the Company’s statutory annual consolidated financial statements for that year but is derived from those financial statements. Further information relating to those statutory financial statements required to be disclosed in accordance with Section 436 of the Hong Kong Companies Ordinance (Cap. 622) is as follows:

- The Company has delivered the financial statements for the year ended 31 December 2021 to the Registrar of Companies as required by Section 662(3) of, and Part 3 of Schedule 6 to, the Hong Kong Companies Ordinance (Cap. 622).
- The Company’s auditor has reported on those financial statements of the Group. The auditor’s report was unqualified; did not include a reference to any matters to which the auditor drew attention by way of emphasis without qualifying its report; and did not contain a statement under Sections 406(2), 407(2) or (3) of the Hong Kong Companies Ordinance (Cap. 622).

The preparation of the unaudited condensed consolidated interim financial information in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses on a year-to-date basis. Actual results may differ from these estimates.

In preparing this unaudited condensed consolidated interim financial information, the significant judgements made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2021.

The accounting policies, basis of presentation and methods of computation used in preparing this unaudited condensed consolidated interim financial information are consistent with those followed in preparing the Group’s annual consolidated financial statements for the year ended 31 December 2021, except for the adoption of the following amended Hong Kong Financial Reporting Standards (“HKFRSs”) and HKASs which are first effective for accounting periods beginning on or after 1 January 2022 as described below.

## 1. BASIS OF PREPARATION (CONTINUED)

The following amended HKFRSs and HKASs are adopted for the financial year beginning 1 January 2022, but have no material effect on the Group's reported results and financial position for the current and prior accounting periods.

- HKAS 16 (Amendments), *Property, Plant and Equipment*
- HKAS 37 (Amendments), *Provisions, Contingent Liabilities and Contingent Assets*
- HKFRS 3 (Revised) (Amendments), *Business Combinations*
- Annual Improvements to HKFRSs 2018 - 2020

The Group has not early adopted any new or amended HKFRSs, HKASs and Interpretations that are not yet effective for the current accounting period.

As at 30 June 2022, the current liabilities of the Group exceeded its current assets by HK\$4,040 million. Included in the current liabilities were short-term borrowings of HK\$3,965 million, which mainly represented the reclassification of borrowings from non-current liabilities to current liabilities in the current period as their maturity dates fall due within the next 12-month period. The Group has arrangements to refinance this balance via long-term borrowings. As at 30 June 2022, the Group had a total undrawn banking facilities amounted to HK\$19,238 million, which would be sufficient to enable the Group to meet its liabilities as and when they fall due within the next 12-month period. Accordingly, this unaudited condensed consolidated interim financial information has been prepared on a going concern basis.

## 2. DISCONTINUED OPERATIONS

Pursuant to the share purchase agreement dated 26 July 2021, the divestment of the Group's entire interests in data centre business in Hong Kong and Malaysia comprising the provision of carrier-neutral colocation services carried on by PCCW Powerbase Data Center Services (HK) Limited and PCCW Solutions Data Centers Malaysia Sdn. Bhd. (the "Discontinued Data Centre Business") was completed on 3 December 2021.

Pursuant to the sale and purchase agreement dated 23 December 2021, the Group completed the sale of approximately 1.1% equity interest in Pacific Century Premium Developments Limited ("PCPD") on 29 December 2021, and the Group's equity interest in PCPD was reduced to approximately 30.1% accordingly. Following the completion of the sale and a change of directorship in the board of directors of PCPD, the Group was no longer considered having de facto control over PCPD with effect from 29 December 2021, and PCPD ceased to be a subsidiary and became an associate of the Group.

The comparative figures for the six months ended 30 June 2021 in the Group's consolidated income statement and consolidated statement of comprehensive income were restated to reflect the reclassification of the operating results of the Discontinued Data Centre Business and PCPD to discontinued operations in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.

### 3. SEGMENT INFORMATION

The chief operating decision-maker (the “CODM”) is the Group’s senior executive management. The CODM reviews the Group’s internal reporting in order to assess performance and allocate resources and the segment information is reported below in accordance with this internal reporting.

The CODM considers the business from the product perspective and assesses the performance of the following segments:

- HKT Limited (“HKT”) is Hong Kong’s premier telecommunications service provider. The principal activities of HKT and its subsidiaries are the provision of telecommunications and related services which include local telephony, local data and broadband, international telecommunications, mobile, enterprise solutions, FinTech, e-commerce, big data analytics, media entertainment including the provision of interactive pay-TV services, and other telecommunications businesses such as customer premises equipment sales, outsourcing, consulting, and contact centres. It operates primarily in Hong Kong, and also serves customers in mainland China and other parts of the world.
- Media Business offers over-the-top digital media entertainment services in Hong Kong, the Asia Pacific region, and other parts of the world, in addition to domestic free television service in Hong Kong. It is also engaged in the development of content, talent and events.
- Solutions Business is a leading IT and business process outsourcing provider in Hong Kong, mainland China and Southeast Asia.

The segment information for the six months ended 30 June 2021 was restated to exclude the operating results of the Discontinued Data Centre Business in Solutions Business and PCPD which were classified as discontinued operations as disclosed in note 2.

The CODM assesses the performance of the operating segments based on a measure of adjusted earnings before interest, tax, depreciation and amortisation (“EBITDA”). EBITDA represents earnings before interest income, finance costs, income tax, depreciation and amortisation, gains/losses on disposal of property, plant and equipment, interests in leasehold land, right-of-use assets and intangible assets, net other gains/losses, losses on property, plant and equipment, restructuring costs, impairment losses on goodwill, tangible and intangible assets and interests in associates and joint ventures, and the Group’s share of results of associates and joint ventures.

Segment revenue, expense and segment performance include transactions between segments. Inter-segment pricing is based on similar terms to those available to other external parties for similar services.
